REMARKS.—The Flour market during the past week has been quiet and inactive, sales being confined chiefly to good grades of old Extra, which are scarce. New is in fair receipt, but the demand is light and stocks are ample. Family brands are in light receipt. Supers are very dull, and quotations are merely nominal. We note sales of Family at 97c to \$1.00, choice \$1.10; Extras at 85c to \$1.00 for new, and 9c to \$1.25 for old; Supers 7c to 87c—market closing very quiet. Wheat has been arriving more freely, and all the offerings have been taken at prices within the range of our quotations; prime and choice samples are in light supply, the major portion of the receipts being out of order; offerings to-day of 54 bushels white and 1989 of red; market more active at an advance of 3 to 5c; sales of white at 168 and 170 for choice, and red at 120 for inferior, 140, 145 and 146 for fair, 150 and 155 for good, and 157 and 160 for prime; no choice offered—and closing firm at these figures. Corn has been dull since our last quotations, but on Wednesday the market was more active, and on Thursday sustained an advance of 1 to 2c; to-day we report offerings of 2244 bushels, with sales of white at 75c; receipts at 75c and 76c, and yellow at 68c. Rye is quiet; receipts are light, and we note small sales at 70 to 73. Oats are dull; the receipts are chiefly of new; sales to-day of 416 bushels at 45c. Plaster is in good supply, and the demand is moderate. Salt is active and firm at an advance of 5 to 10c; the stock of fine is exhausted, but cargoes will be ready for delivery early next week; the duty was reduced on the 1st instant, but owing to the scarcity, the market has not been affected thereby. Wool is unchanged. Bacon is active at the advance last quoted. Prime Butter is scarce and in fair demand; the receipts are chiefly of medium grades for which the market is dull. Eggs are very dull. Chickens are in full supply, and the demand is light. Onions are scarce and in demand.

ALEXANDRIA CATTLE MARKET, August 2.—The offerings of all kinds of stock were largely in excess of the demand; consequently the market was dull and lower, except for Hogs, which sold at from 34 to 52c. Sheep and Lambs from 2 to 24 for 64c; Cows and Calves 20 to 40c, and Hogs 64 to 71c—an advance of from 2 to 4c on the latter.

BALTIMORE CATTLE MARKET, August 2.—Beef Cattle.—The very large number of arrivals, as compared with those of last week, was without effect on the market this week. Prices to-day for Beef Cattle ranged as follows: Best Beves at 5 50c; 50c; good quality at 4 75c; 50c; medium quality at 4 50c; 50c; inferior quality at 4 25c; 50c; and lowest grades of Cattle 3 00c; 50c—general average of the market to-day \$5.12; extreme range of prices 3 00c to \$5.12. The sales of the market were 4300 head, and the receipts for the week 2367 head, against 873 last week, and 1460 head same time last year. Total sales for the week 2010 head, against 855 last week, and 1151 head same time last year. Sheep and Lambs.—There has been a good deal of business in Sheep during the past week, and owing to the limited supply on hand at the time of our last report and early this week, prices since then have advanced 1c, but latterly increased arrivals and a depressing effect, and at the close of the market shows a declining tendency. We note sales of Sheep at 64c per lb gross. Steer-k Steep 25c; 50c per head. Lambs 24c per head. Receipts this week 2734 head.

Hogs.—Prices have made a further advance this week of 1c per lb. The supply differed but little in number as last week, but the receipts are absorbed generally about as fast as they arrive. Quotations in the Western markets are reported higher in proportion than our market, which fact would seem to justify the belief of some of our dealers that prices will be immediately recede here. We quote corn fed Hogs at 75c to 76c, and still-fed at 6 75c; 50c per 100 lbs net—the market closing firm at these figures. Receipts this week 7237 head.

GEORGETOWN CATTLE MARKET, Aug. 2.—There were 619 Beves, 100 Cows and Calves, and 1500 Sheep and Lambs offered to-day. 302 Cattle, 1243 Sheep and Lambs and 30 Cows and Calves were sold to the butchers, and 183 Cattle bought by speculators and 27 to 63c, averaging about 41c. Sheep and Lambs 2 50c to 3 50c, and Cows and Calves 20 to 35c. 164 Cattle, 337 Sheep and Lambs and 21 Cows and Calves remained over unsold. The market was extremely dull for all kinds of stock.

LYNCHBURG MARKET, Aug. 1.—The receipts of wheat are increasing, and prime lots find ready sale; white 155c; red 145c. Corn in light receipt; nominally 85c. New Oats arriving more freely, and sell at 55c. Flour is in fair supply, with a downward tendency.

RICHMOND GRAIN MARKET, August 1.—Of 6000 bushels of Wheat, 2400 of Corn, 200 of Oats and 240 of Rye. Sales of Wheat at 104 1/2 for good to prime, and 104 1/5 for lower grades. Corn 75c. Oats 52c. Rye 65c.

FREDERICKSBURG GRAIN MARKET, Aug. 1.—Of Wheat light; choice white and red 105 1/2. Corn 65c. Oats 32 1/2. Rye 70 1/2.

LOCAL NEWS.

RAIN.—Though the rain in this city last night barely laid the dust, to the north and west, especially along the line of the Washington and Ohio Railroad, there was a heavy fall, and some of the water courses overflowing their banks in consequence, and the fields in some instances being badly washed. The streams all rose rapidly, and the mills they supply were set to work immediately, and have been grinding ever since. Among them, Cloud's and Watkins' mills are common that have been enabled to resume operations, and since the moment the water rose high enough to turn their wheels, they have been constantly at work. The race from which the Alexandria Water Company obtains its supply participating in the general rise, the steam pump at the Cameron Works was set to work at 6 o'clock this morning, has been in operation ever since, and will work until to-morrow morning, as a full time the reservoir will be filled, and as the full reservoir, without replenishing, will supply the city for six days, there need be no fear now of an immediate water famine.

The rain was so heavy near Leesburg that the Washington and Ohio Railroad was considerably damaged by it as will be seen by the following telegram received here this morning.

LEESBURG, Aug. 2, 1872.
Hon. Lewis McKenzie, President, W. & O. R. R.
Two trains gone from under Tuscarora bridge. Track washed away below Lee's Switch, thirty feet long, ten feet deep. Train left Leesburg on time but has returned.

C. A. E.
The train for Leesburg left this morning on time and is supposed to have transferred its passengers at Tuscarora, but no train had arrived here at two o'clock this afternoon. A train with material for repairs left here this afternoon for the scene of the injury.

Since the above was written the following telegram has been received:

LEESBURG, Aug. 2, 1872.
Hon. L. McKenzie.
Accommodation train with mail left Leesburg on time of mail train. It will connect at Lee's Switch with regular mail but will be little late in Alexandria on account of transfer of baggage and other stuff.

The following note from Mr. McKenzie was received at this office at 4 o'clock this afternoon: Train arrived 3:42 p. m. Regular train for Leesburg leaves at 4:30. Damages repaired and train will pass Tuscarora to-night.

MAYOR'S OFFICE.—John French, supposed to be from Manassas, where it is said he left his wife, arrested as a suspicious character because seen consorting with well-known thieves, and offering for sale second-hand books with the owner's names obliterated, was sent to jail for ten days.

Michael McCarthy, a stranger, for forcing his way into the residence of Father Kroes and refusing to leave there when ordered, was sent to the work-house for 30 days.

A small colored boy named John, for sleeping under the steps of a house on King street, was discharged with an admonition.
Carry Hamilton for abusing Lizzie Walker both colored, was dismissed with a reprimand.
John Berry, for assaulting Minty Mitchell, both colored, while on the colored excursion to Carlin's Springs yesterday, was bound over to keep the peace.

A warrant was issued for the arrest of Armistead Morton, for abusive language towards Gustavus Lumpkin, both colored.
NIGHT FLOOD.—Night dark and cloudy, with lightning, thunder, rain and wind between nine and ten o'clock. There were no disturbances. Three prisoners were at the station house.

WASHINGTON AND ALEXANDRIA TURNPIKE.—Work on the Washington and Alexandria Turnpike, which was suspended sometime ago will be resumed at an early day and pushed forward rapidly to completion. The present bed of the road will be considerably widened, for which purpose some land along the route will have to be condemned. It will also be regraded and will be repaired with gravel brought from along the line of the Alexandria and Fredericksburg Railroad. Mr. David Palman has resigned the superintendency of the last named road, in order to take charge of the proposed work on the turnpike.

THEFT OF CLOTHING.—Just before the storm came up last night a young colored woman who had lately been hired by Mr. Thomas Kincheloe and lived at his house on South Kincheloe street, said she wanted to go to the postoffice for a minute and started in that direction. Shortly afterwards Mr. Kincheloe's wife went up stairs, and finding her wardrobe open, looked in it, and discovered that a new dress and several articles of underclothing were missing, and as the servant has not yet returned it is more than probable she is the thief.

CANAL NAVIGATION INTERRUPTED.—On Tuesday morning last two lock gates were washed out of the Chesapeake and Ohio Canal at Harper's Ferry, and navigation was suspended for twenty-four hours. The necessary repairs were completed on Wednesday morning, but boats had hardly commenced passing when three other gates were washed out at the same place, and the interruption to navigation was consequently prolonged.

SCARCITY OF SAILORS.—The ship C. A. Farwell, bound for San Francisco, with a load of coal, finished receiving her cargo on Tuesday last, and was ready for sea that day but has been detained here ever since in consequence of the difficulty her captain experiences in obtaining a crew, a scarcity of sailors existing not only in this but in all the neighboring ports.

FESTIVAL.—The ladies about Bethel and Occoquan, Prince William county, will have a festival at Bethel Methodist Episcopal Church South, commencing at six o'clock Thursday evening, August 8th; proceeds for the benefit of the circuit preacher. The managers have lately been in this city purchasing supplies for the proposed festival.

CONSERVATIVE WARD MEETINGS.—As will be seen by a notice in another column, the County Superintendent has called ward meetings of the Conservatives next Wednesday night, for the purpose of appointing delegates to the Congressional Convention, to meet in this city on the 15th instant.

CANAL COMMERCE.—During the month ending July 31st, 331 boats arrived here, bringing 36,255 tons of coal, 4 tons of lumber, 48 tons of ice, and 171 tons of limestone. During the same period there were 328 departures, carrying 6 tons of salt and 16 tons of staves.

RETAINED LETTERS.—The following letters are detained in Postoffice here, for want of stamps and proper direction: Mrs. Mary Morton, Warrenton, Va.; Wells Milan, no Postoffice given.

Many people prefer Institutions offering superior educational advantages, to be located in healthy rural districts, free from the vices and temptations of the cities—and when an Institution combines the additional attraction of moderate charges, it ought to be very popular. In this connection we refer to the advertisement of the Western Maryland College, of Westminster, Md.

AN extra choice article of **BLACK TEA**, at \$1 per pound, for sale by the **CHINESE TEA COMPANY**, at 2
Alexandria, Va.

Local Brevities.

The colored Masons of this place, had an excursion to Carlin's Springs, yesterday.

Attention is directed to the sale of valuable real estate, advertised to take place to-morrow. The sale of railroad tickets at the Maryland avenue depot in Washington, has been stopped. There was a fine prospect for a heavy rain last night—but the clouds passed over giving only a slight shower.

Considerable disorder and some fighting occurred at Carlin's Springs, yesterday, among the colored excursionists from this city.

The injunction case of Swain vs the Hydradion Fire Company, will be tried before Judge Lowe at Chambers, to-morrow morning, at ten o'clock.

The Executive Committee of the Greeley and Brown club are to meet this evening at Harlow's building, to complete the organization of the club.

Watermelons and peaches are arriving quite plentifully, and are selling on the wharf—the former at from \$3 to \$13 per hundred, and the latter at \$1 per box.

The sturgeon that are now sold in Market are all caught between Mount Vernon and Glymont, but few, if any, having lately been taken above the first named point.

There is a talk of re-establishing several of the pumps in different quarters of the city. They would be useful at all times, and especially in droughts such as we now have.

Again is attention called to the complaints made by persons living near the fishwharf, of the disorderly and disputable behavior of the inmates of what is known as "Devil's Row."

The horse stolen from Mr. Edmund Hunt a few nights ago, has been traced to Occoquan, through which place he passed, the night after he was stolen. An unknown white man was riding him.

Captain Joseph Baxter, of the schooner of his name, whose arrival is noticed in the marine news in to-day's Gazette, fell down the hold of his vessel in Boston, and injured himself so badly that he had to be left there.

Some difficulty has existed for a week past among a portion of the colored stevedores on the wharf about wages, and there has been some talk of a strike. This morning, two of a gang employed in unloading a vessel at Reed's wharf, had a disturbance with their boss, but were quieted without a resort to blows.

The late arrest and fining of the parties engaged in depositing film from Washington in the river, near this city, has not had the anticipated effect, for all yesterday and to-day they were engaged in the same work. As the deposit is made within range of Fort Foot, it is suggested that the commandant there try the effect of a shot or two from his guns.

To the Conservative Voters of the City and County of Alexandria.

TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

Congressional Nomination.

LYNCHBURG, August 2.—The Conservative Congressional Convention of the Seventh District, which met here yesterday, nominated Thomas Whitehead of Amherst county. Among those whose names were prominently mentioned in connection with the position was ex-Gov. John Letcher.

The North Carolina Election.

NEW YORK, Aug. 1.—The World's Raleigh special puts Merrimon's majority at 5,000. The Herald editorially says it is unsafe to hazard a prediction as to the result from the meagre returns at hand, and that after all it is possible the negro counties may give the State to the Republicans.

The Tribune editorially thinks the returns do not warrant any positive statement as to the result. The gains in the cities may prove deceptive, being caused by the return of negroes to their country places of registry.

The Time's special claim that the State has gone Republican.

The dispatches received in this city indicate a very quiet election everywhere. The returns were awaited with anxiety here. At the headquarters of the different political parties crowds remained until a late hour. Numerous dispatches were received and read from both sides, each claiming the State.

WILMINGTON, N. C., Aug. 2.—Rockingham and Calvert counties give Conservative gains. There is a Republican gain in Caswell. Returns indicate the defeat of Settle for Congress. The probabilities are that the Conservatives have carried six out of eight Congressional districts. At Kinston, in Lenoir county, Merrimon gains 62 votes. There seems to be no reasonable doubt of Merrimon's election by a decisive majority.

The Latest.

RALEIGH, N. C., Aug. 2.—The election of Merrimon is conceded by eight thousand majority. Five Democratic Congressmen are elected. The Legislature has forty majority on joint ballot.

Election.

MEMPHIS, Aug. 2.—The county election yesterday passed off quietly in this city. The democratic ticket, with Doyle for sheriff, is elected by about 300 majority. In one of the county districts there was some shooting and two men are reported killed. McFarland, for Supreme Judge, has two majority.

The Labor Reformers.

NEW YORK, Aug. 2.—Messrs. Dallen, Day and Connolly, state that there has not been from the recent labor reform conference, but that that body unanimously called a national convention to be held in Philadelphia on the 22d of August.

Mr. Greeley's Movements.
